Architect of Aatmanirbhar Bharat

Acknowledgment

Shri. Narendra Modi – Bharat’s first people Prime Minister, celebrates his 70th birthday on September 17, 2020. We, as responsible citizens, should celebrate his birthday like a festival. Yes, of course. Festival gives happiness & prosperity – Our Prime Minister Shri. Narendra Modi gave happiness and prosperity to the entire Nation.

A gift requires to be delivered to 130 Cr people of Bharat on his birthday. This idea made me write this book as a gift to all our people who had supported our Hon’ble Prime Minister in every step of initiatives, challenges & transformation.

Our Hon’ble Prime Minister’s various efforts & services to our great Nation listed in this book were referred from different publicly available websites of central government ministries and online media. The intention is to ensure every citizen in our proud Nation should understand the contribution of our Hon’ble Prime Minister. I take this opportunity to thank most respected **Hiraben Modi Ji – Mother of our Hon’ble Prime Minister Shri. Narendra Modi for dedicating such a patriotic son for our Bharat.**

I would like to sincerely thank Dr. R.G. Anand & Mohanraj for motivating me to write this book. Frankly, their support was precious at every stage of this book creation.

PREFACE

BHARAT – A proud Nation that served as the birthplace for culture, tradition, respect, human values, science, healthcare, technology, trade, economics, and education.

In Ramayana, Bhagavan Ram said to Lakshman, **“Mother & Motherland is better than heaven.”**

Devotion can only be cultivated if one knows the glory & contribution of the motherland. Awareness & knowledge about Bharat’s significant efforts and assistance will enable every individual to develop patriotism and makes every individual participate in Nation building with energy & passion for contributing to **“Aatmanirbhar Bharat.”**

The difference between an ordinary person and an extraordinary person stands his thinking ability, passion for delivering & commitment to achieve. The Goal of – **Hon’ble Prime Minister Shri. Narendra Modi is DEVELOPMENT & NATION FIRST Policy.**

When anyone in our family does or achieves something good, we celebrate and share among our relatives and friends. We have a patriotic Prime Minister who treats 130 Cr people of our proud Nation as his family.

A Prime Minister of a proud nation like ours should be a patriotic, passionate, committed, dedicated, brave, bold, visionary & people welfare focused person who can deliver & share with pride about our Nation’s potential. After Atal Bihari Vajpayee Ji, I am honoured to see all these qualities in our Hon’ble Prime Minister, Modi.

In his 19 years of public services (13 years as Chief Minister & 6 years as Prime Minister), Shri. Narendra Modi is the first person to continuously serve & contribute maximum welfare initiatives past 6950+ days and 1,25,100+ hours for the Development & Progress of our proud Nation.

Before becoming Prime Minister of India, Shri, Narendra Modi was the chief minister of Gujarat for 13 years. He donated his entire CM salary & auctioned all the gifts he received and gifted the whole money for girl child education & welfare.

Through “Mann Ki Baat,” our Hon’ble Prime Minister Shri. Narendra Modi shares the achievement of our great people, Nation & government every month to 130 Cr Indians.

- **Karthik Thirunarayanan**

1. As a Son of the Poor People:

After independence, our Nation had great expectations for transformation, especially for poor people. The empowerment of poor people was just a dream kept alive by politicians who ensured their families and relatives alone were empowered. His ambition remained on paper every hard work of the poor, his earnings, and his future.

A poor remained poor because their benefits were looted, development was destroyed, support was stopped. This continued for many decades. Their expectation faded & was at ICU. More than 40% of our country's poor could not even have a bank account.

Farmers are the lifeline of our country. Agriculture is the primary source of livelihood for 58% of India's population. As per the Agriculture census, small and marginal holdings of less than 2-hectare account 85% of total operational holdings of farming land.

Poor farmers faced many challenges & hardships, which hampered their daily lives. Intermediaries looted poor farmers' hard work.

Rural Development never had a priority focus for a decade & villages could not transform.

One of the most critical requirements for poor people is **affordable health care**. The majority of the population lacked access to primary health care systems, mainly rural areas. Many people, especially the poor & women, die due to the absence of "affordable health care" The healthcare system of India lacked good Governance for the delivery of health care for the poor.

Many low-income families could not access critical healthcare facilities, and substantial medical expenses further pushed their poverty down.

Overall, the lack of good Governance impacted the lives of poor people for many years. For this, a change was required: Nation to prosper, the poor needed empowerment.

May 2014:

Poor People's dreams came true when they saw "Son of the Poor People" Shri. Narendra Modi became Prime Minister on 26th May 2014. A patriotic poor mother's honest son.

It is a great moment to remember when our Hon'ble Prime Minister was elected as Chief Minister of Gujarat. When he visited his mother to get blessings, she said, 'Look, Son, I don't understand what you do, but promise me you will never take a bribe -- don't ever commit that sin.' A great mother who has always lived in poverty with minimal material comforts told Shri. Narendra Modi that bribery was a sin and that he must not indulge in such acts.

Prime Minister Shri. Narendra Modi always ensured his promise remained strong and ensured his promises are fulfilled throughout his life.

On May 20, 2014, PM-elect Narendra Modi gave a historic speech in the Central Hall of Parliament.

"NDA government would be a government of the poor, by the poor, and for the poor. In short, the NDA government would be dedicated to the poor."

Prime Minister Narendra Modi believed that the country's economic resources should be utilized for the poor's well-being through good Governance.

- **50 Cr poor people enrolled to get free healthcare**
- **40 Cr poor people could get a bank account of their own.**
- **25 Cr poor people received small business loans (Mudra scheme)**
- **19 Cr poor people covered under accident & life insurance**
- **8 Cr poor women benefited free LPG cylinder connection**
- **10.9 Cr poor women could get access to toilets**
- **22.4 Cr poor farmers could get a free-soil health card**
- **10 Cr poor farmers benefited from financial empowerment**
- **5.8 Cr poor farmers were covered under the crop insurance scheme**
- **6587 affordable medicals shops for poor**
- **18600 villages could get electricity**
- **1,93,000 Km rural roads constructed**
- **1.5 Cr houses built for poor**

The above impossible task of poor people's empowerment and dream of 60 years made a reality in just six years because Nation was gifted with Shri. Narendra Modi with passion, patriotism, and Nation first attitude.

2. As a Caring Father for Children and Women:

Children are the future of our Bharat. Child protection, elimination of child marriage and child labour, child survival, preventing neonatal death and stunting, eliminating open defecation, and providing quality education. For many decades such focus areas were not taken on priority.

Children's' views, especially those of girls, children from disadvantaged groups, and marginalized communities, were affected due to lack of judicial and administrative focus. Children sexual abuse needed a strict law to counter and punish such culprits severely.

Women are the backbone of the Nation & pillars of Development Bharat. But their empowerment always moved at the slowest pace with the least importance.

In India, many poor women & children suffer due to a lack of adequate toilets. In fact, many girls drop out of school due to a lack of toilets, especially in rural areas. A report by the international charity said more than 56% of Indians lacked access to basic sanitation.

India is a land of talent. Crores of people are talented to become small entrepreneurs, especially women. But these small entrepreneurs find it difficult to get financial loans through normal channels & often take money from the market at a very high-interest rate.

India is home to more than 24 Crore households, out of which about 10 Crore households are still deprived of LPG as cooking fuel and must rely on firewood, coal, dung – cakes, etc. as the primary source of cooking. Smoke inhaled by women from unclean fuel is equivalent to burning 400 cigarettes in an hour.

Hon'ble Prime Minister Shri. Narendra Modi – As a caring father, empowered children and women through a new security paradigm. Shri. Narendra Modi donated his 13 years Chief Minister salary and all his gifts for girl children welfare. The Nation did not see such a great human being as Prime Minister with such kind heart past many decades.

Modi Govt went beyond the physicality to address women's issues and take a more holistic view of things and women empowerment in a comprehensive program that deals with security components.

Health security of the mother and child

Social security & empowerment

Financial security & empowerment

Security future of Girl Child

Women Safety

Children and Women Empowerment Initiatives:

Description	Initiatives
<p>Securing the health of Mother and Child</p>	<p>Maternity leave increased from 12 weeks to 26 weeks. Childcare facilities at workplaces with employees more than 50 are made mandatory.</p> <ul style="list-style-type: none">• Free health checkup for pregnant women (1.7 Cr women beneficiaries)• Significant reduction of 22% in Maternal Mortality Rate (MMR)• Financial support for poor pregnant women• National Nutrition Mission• Mission Indradhanush (Vaccination for pregnant women – 86 Lakhs women & 3.3 Cr children)• Pradhan Mantri Bhartiya Janaushdhi Pariyojna (PMBJP), sanitary pads were being sold for Rs 1 per pad (5 Cr beneficiaries)
<p>Social Security & Empowerment</p>	<ul style="list-style-type: none">• Swachh Vidyalaya (4.7 lakhs toilets for girls in Govt. schools. Separate toilet for girls at schools across the country)• Triple Talaq law• Housing for all• Ujjwala Scheme (Free gas connection for 8 Cr poor women)

<p>Safety and Security for Child & Women</p>	<ul style="list-style-type: none">• Death for rape (children below age 12)• Anti-Trafficking law• Online complain platform for Women related harassment• Women police Volunteers & Women safety apps

3. As a Guide for Youth

BHARAT – A proud Nation that served as the birthplace for culture, tradition, respect, human values, science, healthcare, technology, trade, economics, and education. Many centuries ago, our great Nation served as a center for “youth Empowerment” to the entire World. Bharat’s great ancient Universities like Takshashila, Nalanda, Mithila, Telhara, Sharada, Vikramashila, Valabhi, and Somapura acted as “**Youth Empowerment Hub**” across the World.

Youths are the roots of our great Nation & their dedication with commitment contributed in a big way to build our Nation. Youth icons like great warrior **Chatrapati Shivaji Maharaj, Swami Vivekananda, Veer Savarkar, Keshav Baliram Hedgewar, Subhash Chandra Bose, Mahakavi Bharathiyar, and Tiruppur Kumaran** sacrificed their youth life for building our Nation through their selfless services.

Youths in India represent the most dynamic & vibrant segment of our population. While most developed countries face the risk of an aging workforce, our Nation has the World’s largest youth population. India’s talent pool will provide an excellent opportunity for growth, creation of self-employment opportunities, empowering skills, enable startup platforms for talented youths & a platform to develop skillful, innovative minds. The success of the Nation always depends on the success of its youths.

A **responsible citizen** needs “**passion & patriotism**” for Nation development. But an accountable leader needs to showcase **dedication, commitment, patriotism & determination** to deliver Nation empowerment. Our people Prime Minister Shri. Narendra Modi showcased the entire World about the potential and strength of “**Yuva Shakti Bharat.**”

Since independence, for the first time, to empower the above qualities in youths, our Hon’ble Prime Minister Shri. Narendra Modi is continuously enabling many initiatives to make our Nation again “**Youth Empowerment Hub for the Entire World.**”

New Education Policy (NEP)

Initiative Need:

Three thousand years ago, our proud Nation was the “Education capital of the world” with World famous Universities like Takshashila, & Nalanda, where youths from across the world queue up to gain knowledge. Many scholars, physicians, authors, rulers, astronomers, politicians studied in our ancient universities to gain rich expertise across subjects like Vedas, Vedanta, Ayurveda, Surgery, Military, Astronomy, commerce, politics, etc. Students could choose their exciting topics.

The World is undergoing rapid changes in the knowledge landscape. A Nation to become self-reliant needs a good education system to gain rich knowledge and contribute to Bharat development. The World needs skilled & talented people & only Bharat can empower this need.

The National Policy on Education, initiated in 1986, became a reality only in 2020 after 34 years.

Our Prime Minister, Shri. Narendra Modi’s mission “**keep Bharat’s current and next generations future-ready.**” Every student should get an opportunity to follow their passion.

This National Education Policy 2020 is the first education policy of the 21st century and aims to address our country’s many growing developmental imperatives.

This Policy proposes revamping all aspects of the education structure, including its regulation and Governance, to create a new system aligned with the aspirational goals of 21st-century education.

Current Education System Challenges:

- Students focus on marks rather than knowledge.
- Lacks Creativity & Innovation
- Theory oriented rather practical knowledge-based
- Lack of values about our rich tradition and culture
- Students interest and passion areas not given the importance
- The need for good teachers
- No significant body to govern higher educational institutions
- High education fees

National Education Policy Benefits:

- The 10+2 system will be divided into 5+3+3+4 format
- 3 Language formula: All students will learn three languages in their school under the ‘formula.’ At least two of the three languages should be native to India.
- **Example: If a student in Chennai is learning Tamil and English, he/she will have to choose to learn another Indian language (Malayalam, Telugu, Kannada, Hindi, or any national language)**
- Promote skill-based education and enhance the practical skills of the students
- Strengthen research and innovation in the country
- Give importance to students’ practical knowledge.
- Help students to develop scientific temper from a young age.
- Set up the new quality of higher educational institutes which will be at par with the global standards
- Affordable education for all with ramp up Digital Learning
- Students will also be free to choose primary and minor subjects for their degree.
- Importance to Practical Assignments, Skill Development
- ONE SINGLE Education regulator for all higher education

National Recruitment Agency

Initiative Need:

Approximately 1.25 lakh government jobs are advertised every year, for which 2.5 crore aspirants appear in various examinations, mostly youths.

Presently, candidates seeking government jobs have to appear for separate examinations conducted by **multiple recruiting** agencies for various posts. Candidates have to pay a fee to various recruiting agencies and travel long distances for appearing in multiple exams.

These multiple recruitment examinations burden the youth candidates and the respective recruitment agencies, involving avoidable/repetitive expenditure, law and order/security related issues, and venue related problems.

For example, presently, if a youth wants to apply for Staff Selection Commission (SSC), Railways Recruitment Board (SSC), and Institute of Banking Personnel Selection (IBPS) as well, he/she will have to appear for three preliminary tests (PT) and three tier-2 exams followed by the physical tests and medical examination, wherever required

Challenges:

- Multiple entrance exams (6)
- Multiple agencies to contact & coordinate
- Limited exam centers
- Additional finance burden due to travel & stay
- Tests only in 2 languages (English and Hindi)

National Recruitment Agency Benefits:

- One Common Entrance Test and will be conducted for three levels:
- Graduate, higher secondary (12th pass), and the enroll (10th pass) candidates.
- CET will be conducted twice a year
- The candidate's CET score shall be valid for three years from the result's declaration date.

- No restriction on the number of attempts to be taken by a candidate to appear in the CET
- Relaxation in the upper age limit shall be given to candidates of SC/ST/OBC and other categories.
- The exam will be conducted in 12 languages in the Eighth Schedule of India's Constitution (including Tamil).
- A single eligibility test would "significantly reduce" the recruitment cycle.
- Removes the hassle of appearing in multiple examinations.
- A single examination fee would reduce the financial burden that multiple exams imposed.
- Since exams will be held in every district, it would substantially save travel and lodging costs for the candidates. Examination in their community would encourage more and more women candidates also to apply for government jobs.
- Applicants are required to register on a single Registration portal.
- No need to worry about clashing of examination dates
- Drastically reduces the recruitment cycle.
- Brings standardization in the examination pattern and
- Reduces recurrent costs for multiple recruiting agencies.
- Rs 600 crore INR savings is expected.
- Govt. sanctioned Rs 1517 Cr INR budget to setup National Recruitment Agency.

Unemployment Allowance - Atal Bimit Vyakti Kalyan Yojana

Initiative Need:

The current COVID19 pandemic hit the industrial sector badly. Industrial workers, mostly youths, either lost jobs or on the verge of losing jobs. Hon'ble Prime Minister Shri. Narendra Modi always ensured every section of people, especially youth from rural areas, gets all the government's necessary support.

Unemployment Allowance Benefits:

Workers can claim 50% of average earning per day for 90 days (Joblessness between March 24 to December 31, 2020)

More than 35 Lakhs workers (especially youth) will benefit from this initiative.

All workers registered under Employee State Insurance Corporation (ESIC) will be eligible.

Eligibility:

The workers should be part of the ESI scheme for two years (April 1, 2018, to March 31, 2020) and should have contributed for 78 days (October 1, 2019, to March 31, 2020).

For more information www.esic.nic.in/information-benefits

Skill India - Pradhan Mantri Kaushal Vikas Yojana (PMKVY)

Initiative Need:

With only a small proportion of India's youth workforce have any formal skill training, India has the World's largest youth population & needs skills and training for better job & self-employment opportunities. India's economy to grow, every sector needs a skilled workforce to improve productivity.

India has the potential to become a top skilled workforce provider in the World for the aging developed World. Enable and mobilize many Indian youths to take up skill training and become employable and earn their livelihood, especially from rural areas. Increase productivity of the existing workforce and align the training and certification to the needs of the country

Challenges:

- No proper training centers to learn (basic & short term)
- Without skills, getting primary employment was difficult.
- The considerable skill gap between industry demand and available skills
- Rural youths were mostly unskilled.

Skill India Benefits:

- Increased employment
- Raise confidence among the youth
- Improve productivity and knowledge
- Enable youth to get blue-collar jobs
- Development of skills at the school level
- Balanced growth in all sectors
- Equal importance to all jobs
- Compulsory soft skill training for every job aspirant
- To touch base with rural and remote India.

**Initiative Achievement (as on Aug 2020):**

Description	Details
Training Centre (prior learning)	22550
Trained Candidates	3320403
Training Partners	141
Job Roles	586
Short Term Training Centre	8804
Trained Candidates	3417641
Placement percentage	56%

For more info <http://www.pmkvyofficial.org/Index.aspx>

Startup India

Initiative Need:

Indian people, especially youths, have great potential, talent, and ability to contribute to our economy. Many talented youth entrepreneurs wanted to start their own business, but due to lack of financial support & other regularities, people were not able to start a business.

Hon'ble Prime Minister Shri. Narendra Modi wanted to empower youths as "Job providers" rather "job seekers."

Shri. Narendra Modi's ambition and vision are to make Bharat as "Youth empowered economy." This needed a great platform to support.

Startup India Hub is a one-stop platform for all stakeholders in the Startup ecosystem to interact with each other, exchange knowledge, and form successful partnerships in a highly dynamic environment.

Startup India Benefits:

- Dedicated funds of 10,000 Cr INR to promote startups
- E-registration & self-certification compliance
- No inspection for the first 3 years
- No income tax on profits for the first 3 years
- Mobile app for startup registration in one day
- Startup India as a hub as a single point of contact
- Easy Exit policy
- Special arrangement for female applicants

Under the leadership of Hon'ble Prime Minister Shri. Narendra Modi, the first time the startup ecosystem was started and empowering youth minds to be more innovative to contribute to Atmanirbhar Bharat.

Initiative Achievement (as on Aug 2020):

Description	Details
Total Startups recognized	35,547
SIDBI Funded	264
Startup India Hub Members	4,24,371

For more info <https://www.startupindia.gov.in/>

National Entrepreneurship Awards

Initiative Need:

Youths have talent. Talent needs recognition. Recognition enables participation and contribution.

With talented youths of Bharat willing to take responsibility to transform & contribute to our Nation's Development, it is essential to recognize and honour outstanding young first-generation Entrepreneurs and their Ecosystem Builders for their exceptional contribution to entrepreneurship development.

Our Hon'ble Prime Minister Shri. Narendra Modi always believes in enabling talent with due recognition.

National Entrepreneurship awards were started in 2016 to identify the youth talents.

NEA Benefits:

- Many sectors are included (Textiles, Agriculture, Healthcare, Tourism, Logistics, etc.)
- Awards are categorized as sector award & special category awards.
- Winners are recognized with trophy, certificate & cash prizes (5 lakhs & 10 Lakhs)
- No inspection for the first 3 years
- No income tax on profits for the first 3 years

Other Proposed Initiatives (Entrepreneurship Development):

- Educate and equip potential and early-stage entrepreneurs across India
- Connect entrepreneurs to peers, mentors, incubators
- Support entrepreneurs through Entrepreneurship Hubs (E-Hubs)
- Catalyze a culture shift to encourage entrepreneurship
- Encourage entrepreneurship among underrepresented groups.
- Promote Entrepreneurship amongst Women
- Foster social entrepreneurship and grassroots innovations

More Info <https://www.msde.gov.in/nea.html>

Khelo India

Initiative Need:

A fit mind & body can contribute better in many ways & bring excellent quality in a person—their active participation in sports judges a Nation’s youth power.

Sport is an essential component of the overall development of our Nation. The importance of sports and fitness in one’s life is invaluable. Playing sports teaches team spirit and develops strategic thinking, analytical thinking, leadership skills, goal setting, and risk-taking. A fit and healthy individual leads to an equally healthy society and a strong Nation.

Unfortunately, children & youths in our Nation did not have a platform that can identify & showcase their talents in sports.

First time in our Nation, Khelo India has been introduced to revive India’s sports culture at the grass-root level by building a robust framework for all sports in our country and establishing India as a great sporting nation.

Khelo India Benefits:

- Talented youth players identified on priority across many sports disciplines at various levels by the High-Powered Committee will be provided annual financial assistance of INR 5 lakh per annum for 8 years. Awards are categorized as sector award & special category awards.
- Sports disciplines like Archery, Athletics, Badminton, Basketball, Boxing, Football, Gymnastics, Hockey, Judo, Kabaddi, Kho-Kho, Shooting, Swimming, Volleyball, Weightlifting, and Wrestling are promoted especially for rural youths' participation.
- More than 1.6 Cr kids and youths took an oath to adopt sports under this scheme across India.

4. As a Patriotic Soldier

**Caring & serving our mother is our duty.
But protecting & sacrificing life for Nation is patriotism.**

Our Nation's History had great warriors like Chandra Gupta Maurya, Ashoka, Raja Raja Chola, Krishnadevaraya, and Shivaji Maharaj. They lead their armies to many famous victories and protected our great Nation.

A Nation, which wishes to be healthy and safe, needs a strong-armed force not only to defend but also to deliver a strong message when provoked by any enemies.

Strong-armed forces, including the police force, can only function with freedom when they have a patriotic leader who leads them from the front. **Our patriotic Prime Minister, Shri. Narendra Modi is the only Prime Minister in the World to spend his continuous 6 years of Diwali festival with our Nation's armed forces at the border.**

Development & empowerment is equally needed for the armed forces to boost their morale and to showcase the value for their patriotism and sacrifice. For the first time in History, many welfare schemes were delivered to empower our armed forces.

Like other countries in the World, terrorism and radicalization are the most significant threats for peace and security of the Nation. Under the leadership of Hon'ble Prime Minister Shri. Narendra Modi, India's foreign and Defence policies, were made strong to provide a peaceful and enabling environment for achieving transformative national growth and development.

To save the life of a citizen is the duty of a doctor. To protect the life of a citizen is the duty of a responsible leader. Since 2004-2009, many 1000s of innocent families lost their loved ones due to terrorist bomb blasts.

But since 2014, no single bomb blast occurred because of our armed forces and police forces' dedication, patriotism, commitment, and sacrifice.

We all need to salute our armed and police forces for this selfless service to protect our proud Nation.

**Empowerment Initiatives:**

- A dream of 70 years, A War Memorial was dedicated to respecting our soldiers' sacrifices.
- First time in Indian History, a full-time woman Defence Minister was appointed during period Modi 1.0 - An excellent example for Women-led Development.
- More significant roles are empowered for women in defense & combat roles.
- First Chief of Defence Staff (CDS) role created for more integrated decision making for armed forces
- Mission Shakti: Successful Anti-Satellite missile test (Only next to USA, Russia & China)
- We have implemented One Rank One Pension benefiting more than 24 Lakhs Ex-servicemen & 6 Lakhs war widows with a sanction of Rs 35,000 Cr, which was pending since 1973.
- The first time, the Indian Army conducted a surgical strike to eliminate terror launch pads across the border (Pakistan & Myanmar)
- Big boost for Indian industry – Signed 128 contracts worth Rs 1.1 Lakh Cr with various Indian industries to promote Make in India.
- Marriage grant for the daughter of Ex-servicemen/widows increased from Rs 16,000 to Rs 50,000
- India signed the Rafale fighter jet deal & saved Rs 12,600 Cr compared to the previous government.
- First-time Indian soldiers were given bulletproof jackets (more than 2,30,000 made in India products)
- Defence innovation Centre – Coimbatore with a grant of 20 Cr INR
- Defence production corridors – Tamilnadu (Chennai, Salem, Hosur, Coimbatore, Trichy) & Uttar Pradesh help Indian MSME industries support local manufacturing.
- Our defence forces protect India's 15,106 land border & 7516 coastline with 24x7 dedication & patriotism every day, every second.
- Left-Wing Extremism (LWE) incidents reduced by 60%
- Naxalism & Left-Wing violence removed from more than 50 districts
- Security forces casualties due to Naxal violence reduced by 55%

- National Intelligence Grid helping India to counter-terrorism capability
- The first time, India implements a Comprehensive Integrated Border Management System (CIBMS) to protect India's border with the latest technology.
- A record Rs 3 Lakhs Crore allocated past 3 years under Border Area Development Programme, bringing development across border regions.

Highlights:

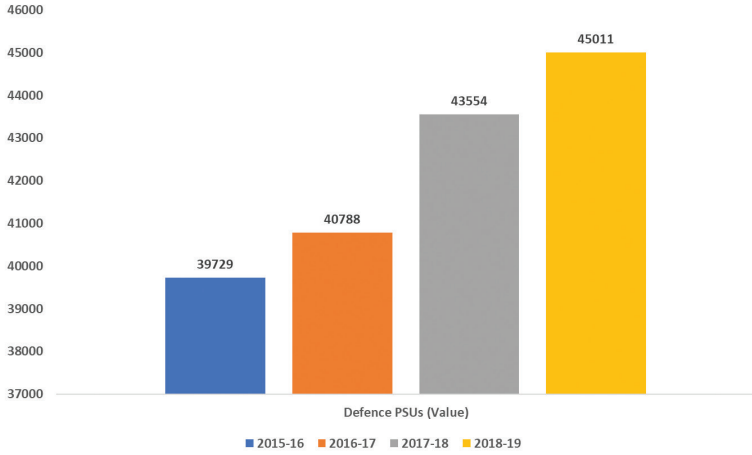

- The Tri-Services contracted 260 schemes for defence items at an approximate cost of Rs 3.5 lakh crore between April 2015 and August 2020
- Many border areas tunnels & construction projects initiated/completed in 2018-19 alone
- (Theng Tunnel, Se La Tunnel, Akhnoor -Poonch road, Rohtang Tunnel, Highest Motorable Road in Ladakh)
- Indian Army plays a lead role in UN peacekeeping with a presence in 50% of UN missions worldwide.
- Defence Investor Cell was launched in January 2018 to act as a friend to industry working in the defence sector.
- The IDEX Scheme: Aimed at the creation of an ecosystem to foster innovation and technology development in Defence and Aerospace by engaging Industries including MSMEs, Start-ups, Individual Innovators, R&D institutes, and Academia and provide them grants/ funding and other support to carry out R&D.

The iDEX scheme, Defence India Startup Challenges (DISCs), is being organized.

5. As a Dedicated Karyakarta

To serve a family, one needs to devote his hard work

To serve a Nation, one needs to dedicate his entire life.

Shri. Narendra Modi dedicated his entire life since his young age to serve our Nation. Born with patriotism to a humble family, Shri. Narendra Modi joined BJP in 1985, and due to his commitment, passion & determination to bring transformation, his every service as Karyakarta helped the Nation.

Bharatiya Janata Party – World’s largest political party that values, follows & delivers democracy with a “Nation First attitude” through dedication and participation of karyakartas.

Karyakarta – A person who values Bharat culture & tradition and enables the grass-root level to connect with common people to understand their needs and serve the society with the commitment to Nation’s progress.

The most memorable event of Shri. Narendra Modi, as a Karyakarta, was Ekata Yatra in 1991. The Ekata Yatra was to convey the need for national unity and integrity, especially the situation of Jammu & Kashmir. The Yatra started from Kanyakumari under the leadership of the then BJP National President Shri. Murali Manohar Joshi.

The Yatra completed successfully by hoisting our National flag at Lal Chowk in Srinagar on January 26, 1992. Many patriotic Karyakartas who braved the terrorist threat with patriotism in blood and Nation unity at heart.

On the party’s 40th foundation day, Shri. Narendra Modi, as Karyakarta, requested BJP karyakartas to do five things to serve the Nation amid the coronavirus pandemic crisis.

First - Food for Poor: Shri. Narendra Modi asked BJP Karyakartas to help the poor with ration and ensure not a single poor citizen is left without food.

Second - Mask Distribution: Shri. Narendra Modi urged all BJP workers to wear a face-mask while going to help the needy. He also encouraged people to cover their faces with any cloth and distribute it among five-seven more people.

Third - Honor Corona Warriors: Shri. Narendra Modi asked the Karyakartas to run a ‘Thank you campaign’ for those battling against COVID-19. He said the doctors, nurses, sanitation workers, police personnel, bank officials, those who work in the post offices, those related to essential services, must be thanked.

Fourth - Technology to fight COVID19: Shri. Narendra Modi urged BJP

Karyakartas to make more and more people aware of the Government of India's Aarogya Setu App – the official COVID-19 tracker mobile application. He requested that every Karyakarta must ensure that 40 people download the app.

Fifth – Contribute for Nation: Shri. Narendra Modi said every BJP Karyakarta should himself contribute and encourage at least 40 people to donate towards PM-CARES Fund, which was set up to enable contributions by citizens against the COVID-19 pandemic.

As a dedicated Karyakarta, Shri. Narendra Modi had set an example to crores of ordinary Karyakartas, especially to youth about the value of our culture, Nation & mantra of service to society. Every responsible citizen is a karyakarta.

Shri. Narendra Modi's 19 years of dedicated public life as karyakarta always supported the poor, empowered common people, connected with youth & transform our proud Nation.

Proud Bharat

Aatmanirbhar Bharat

6. As a Reformer

To be a reformer, one needs passion, patriotism, and perfection to deliver development and transformation.

Let us rewind our memory back to the year 2013:

- **India was called the “Capital of Corruption.”**
- **6 Cr poor women suffered without LPG Gas**
- **9 Cr poor people did not have access to toilets**
- **32 Cr poor people could not have access to banks**
- **19 Cr poor people could not afford insurance (life & accident)**
- **18 Cr poor farmers did not know their farmland soil health**
- **14 Cr poor farmers could not get crop insurance**
- **Only 35% of farmers could get urea**
- **18,600+ villages did not have electricity**
- **1,76,000 Km of village roads not constructed**
- **Rs 90,000 Cr INR of government subsidy money for poor people looted**
- **24 Lakhs ex-servicemen & 6 lakhs war widows could not get One Rank One Pension (OROP)**
- **2.4 Cr pensioners needed to walk to the office to get pension money**
- **15 Cr people could not afford to start a small business, in spite of having talents.**
- **1.2 Cr Pregnant women could not get proper health care**
- **Common people were burdened by healthcare spending; increased by Rs 16,000 Cr INR every year**
- **10,000 Cr money was wasted due to separate railways budget every year**
- **Common people could not connect to the government**
- **3 lakhs fake companies operated**

So, if we measure Nation’s development growth pace with the speed of 2013; India would have taken another 40 years to complete the above targets.

Over more than a decade (Pre-2014), there has been a void in delivering proper welfare measures to the over 125 Crore citizens across India who looked for a reformer with patriotism, Selfless Service & Development to bind them together. In May 2014, India was blessed with a visionary leader and reformer as Prime Minister Shri. Narendra Modi who continuously delivering his vision “Sabka Saath. Sabka Vikas & Sabka Vishwas”.

Rise of Bharat – Our Nation from Pandemic COVID19

Background

The COVID19 pandemic tested the entire world health care system, shaken the world economy & every Nation's approach to protecting from this massive pandemic.

Bharat – World's largest democratic country with 2nd largest population, holds 28 states & 8 union territories. A proud nation with unity in diversity, stood tall & showcased the entire World about its strength & ability to raise on such an emergency.

For the first time, developed Nations experienced the new definition of "Emergency crisis management" from Bharat. This could only happen because the Nation had the following strengths:

Rich culture with social values

Patriotic People

Passionate "healthcare warriors."

A people welfare focused government

A humble Prime Minister who works with a mission "Nation First."

We will see various measures, efforts, initiatives & support taken by the Central government under the leadership of Hon'ble People Prime Minister Shri. Narendra Modi to protect our Nation & people from such a pandemic.

Initial Steps

March 11: The World Health Organization (WHO) formally designated Coronavirus Disease (COVID-19) as a ‘pandemic.’

But Bharat, was one of few Nations in the World to take immediate measures much before March 11, 2020.

Jan 31, 2020	Feb 02, 2020	Feb 27, 2020	March 12, 2020
Indian Army set up a quarantine facility to monitor 300 Bharat students returning from Wuhan, China, the Centre of Initial Coronavirus outbreak.	Bharat suspended e-visa facility for all Chinese travelers.	Over a month after China’s lockdown of Wuhan province in January 23, special flights of Indian Air Force, and Air India arrived in New Delhi with more Bharat citizens and foreigners from Wuhan and the rescued Bharat citizens quarantined in cruise ship in Japan	Seven more quarantine facilities setups up by Indian Defence Forces (Jaisalmer, Suratgarh, Jhansi, Jodhpur, Deolali, Kolkata & Chennai)

March 13, 2020	March 14, 2020	March 14, 2020	March 13-15, 2020
<p>Masks & hand sanitizers as essential commodity until June 30 to control price rise.</p> <p>Bharat became 5th Country in World after US, China, Japan & Thailand to isolate strains of COVID19</p>	<p>Govt. of India invoked Epidemic Disease Act of 1897 that temporarily gives special power to take special measures and prescribe regulations for curtailing the effect of pandemic</p>	<p>The Ministry of Home Affairs invoked National Disaster Management Act (2005) and allocated State Disaster Response Fund (SDRF) to states to mitigate the spread of COVID19</p>	<p>Govt of India suspends all existing Visas except for limited categories.</p> <p>218 Bharat students evacuated from Italy & quarantined at Indo-Tibetan Border Police (ITBP).</p>

March 17, 2020	March 22, 2020	March 24, 2020
<p>Indian Council of Medical Research (ICMR) announced 72 Coronavirus medical testing labs to be ready by 21st March</p> <p>World Health Organization praised Bharat's response.</p>	<p>Hon'ble Prime Minister Narendra Modi calls for "Janta Curfew"</p>	<p>National Lockdown #1 starts (21 Days)</p>

Measures Taken

The govt of India imposed the strictest lockdown measure in World

A tracker, based on data from 73 countries, that calculates governments’ response to Covid-19 has identified Bharat’s response as one of the most stringent in the World. Created by researchers from Blavatnik School of Government at the University of Oxford, the “Oxford COVID-19 Government Response Tracker” is designed to systematically record government responses worldwide.

Govt of India announced Rs 20 Lakhs Crore INR (10% of GDP) as an economic package with a mission to build “Self-Reliant Bharat”. – Highest by any developing Nation.

Major focus to support MSMEs, Agriculture, migrant workers, Defence, Businesses, and other segments

- **1 free LPG** cylinder for 3 months to **8 Cr poor women**
- **500 INR** every month for 3 months directly to **20.3 Cr** Jan Dhan bank accounts of poor women
- **Free food for migrants** – 5 Kg wheat or Rice per person, 1 Kg dal per family/month till Nov 2020
- Loan Moratorium Extension for **6 months**
- Income Tax Returns submission date extended to November 30, 2020
- The government has reduced the Tax Deducted at Source rate by **25% for non-salaried** taxpayers for March 31, 2021
- Reduction in the Employees’ Provident Fund contribution rate from 12% to 10% shall allow greater liquidity to the employees and employers.
- Liquidity relief of Rs 2,500 crore was given as EPF support to all EPF establishments. The EPF contribution will be paid by the govt for another 3 months (until August). It will benefit more than 72 lakh employees.
- Collateral free loan of Rs 3 lakh crores for MSMEs — a move that’ll enable 45 lakh units to restart work and save jobs.

- The new definition of MSMEs
- (Micro – up to 1 Cr investment, turnover up to 5 Cr. Small – up to 10 Cr investment, turnover up to 50 Cr. Medium – up to 20 Cr investment)
- Global tenders to be disallowed up to **Rs 200 Crore** for government contracts – **promoting local businesses/brands**
- **MUDRA Shishu loan**
- Those who have availed loans up to Rs 50,000, an interest subvention of **2% for the next 12 months** after the moratorium period extended by RBI ends. Three crore people will get the benefit of Rs 1500 crore.
- **Street Vendor** - Special scheme for street vendors to avail **Rs 5,000** crore loan facility. Will be given **Rs 10,000** of working capital.
- **Power distribution companies** will get Rs 90,000 crore liquidity against receivables from state-owned Power Finance Corp. and Rural Electrification Corp. This will allow these Discoms to pay dues to power producers.

For Small/Marginal Farmers

The government is extending Rs 30,000 crore additional capital emergency funds through NABARD for post-harvest Rabi and Kharif related activities for small and marginal farmers.

Under the **PM Kisan Credit Card, Rs 2 lakh crore** of concessional credit to boost farming activities and it will benefit 2.5 crore farmers. Those in animal husbandry and fisheries will also be included.

Govt transferred **Rs 17,986 Cr to poor farmers** under PM KISAN scheme

Fertilizers to farmers community – During April-June 2020, **111.61 MT (82.8% higher)** fertilizers given to farmers compared to last year.

- **For Tribals - Rs 6,000 crore** worth of proposals have come from states under CAMPA funds. Tribal people will get employment in forest management, wildlife protection/management, and other forest-related activities.
- **Education: PM eVidya programme** to be launched immediately. Each Classroom from 1 to 12 will have one TV channel. Special e-content created for visually & hearing impaired. Top 100 universities will be permitted to start online courses by May 30, 2020.

- **Additional resources to States:** Centre has decided to increase the borrowing limit of states from 3% to 5% for FY21. This will give extra resources of Rs 4.28 lakh crore to states. This despite states having borrowed only 14% of the limit authorized to them. 86% remains unutilized. The additional borrowing limit has been linked with initiating reforms.

First of its Kind Initiatives

Use of Technology

April 2: Govt. launched a new app to help people track Covid-19 infections more accurately and effectively. As on 8-Jul 2020, more than 15.52 Cr Bharat citizens are using this Arogya Setu app.

Medical Support

Bharat supplied anti-malarial drug hydroxychloroquine to **55 coronavirus-hit countries**, including the US.

In the neighbourhood, Bharat sent the drug to Afghanistan, Bhutan, Bangladesh, Nepal, Maldives, Mauritius, Sri Lanka, and Myanmar.

Bharat supplied drugs to the Philippines, Russia, Slovenia, South Africa, Sri Lanka, Tanzania, the United Arab Emirates, Uzbekistan, Uruguay, Columbia, Algeria, Bahamas, Mauritius, and the United Kingdom.

Bringing Bharat citizens back Home

Vande Bharat Mission – World’s largest evacuation mission, brought back **10 Lakhs Bharat citizens** from more than **30 countries**. **17,000** people have flown out of the country under this mission.

Helping Migrants to reach home:

Shramik special trains helping migrant workers to return home – World’s largest relocation mission for its own citizen within the country

Phase I – 35 Lakhs migrants returned home.

Phase II – 2600 special trains to return 36 lakhs migrants

Railway coaches as COVID19 Care Centre

First of its kind in World, Indian railways converted coaches as COVID19 care Centre.

5231 railway coaches supporting 23 states.

Bharat manufactures Personal Protective Equipment (PPE)

From zero to 2 lakhs PPE kits in a day, Bharat sets a record in the production of PPE in the World.

Bharat's COVID19 Case Fatality Rate (CFR) is lowest among World.

Figure 1: COVID-19 Average Case Fatality Rate (CFR) (%), 15 February to 25 May, 2020, All Ages, Both Sexes

7. India's International Leader

Mother India – A proud Nation with one of the oldest civilizations, which gave birth to many great religions, faith, rich culture & patriotic leaders. Before May 2014, India's image at the world stage was stained with colour of corruption, lack of leadership, poor investment, slow development, lack of vision for the Nation, missing concrete strategy for Domestic growth, and fragile relations with neighbouring countries & developed Nations.

India to become a developed nation like the USA, China, Japan, Germany, Australia & to become a powerful nation in Asia, needed to create a vibrant economic scenario, investment-friendly environment, strong bonding, gain trust, improve relationship across major developed & neighbouring countries - this was urgently needed to be addressed on TOP PRIORITY.

Shri Narendra Modi – Our Honourable People's Prime Minister: A great leader with patriotism in his blood & nation's development in his heart. His only vision "**India's Development**" & Elevate India to a developed country in the world map. India's 65% population is below the age of 35. Hence Shri Narendra Modi Ji took "**Development Yatra**" across major developed & developing nations to fulfil the dreams of India's youngsters – Development, Employment, Empowerment & Self- Employment.

Under Hon'ble Prime Minister Shri Narendra Modi people welfare focused Governance, Mother India's pride was restored; every Indian living abroad could feel a sense of pride & value. Every Nation respected Indian people's contribution, India's vision & supported India's development efforts under our great people's Prime Minister. India's economic status was held high in spite of the World's worst economic situations. The word "Corruption" was erased. **India became No 1** country in "Foreign Direct Investment Destinations" beating China & USA. Domestic manufacturing & production was boosted through Make in India, Startup India, Mudra, etc.

Every effort of Shri Narendra Modi Ji was supported by all respected Honourable Central Ministers, state governments, and common people. They all are the supporting pillars of this Nation working dedicatedly with only one mission, "**Development of India.**"

Our Hon'ble Prime Minister Shri Narendra Modi had travelled to 59 countries as a proud Mother India's Son, who ensured every country listened, respected, participated & contributed to India's growth & development. Shri Narendra Modi

Ji travelled largely covering 2-3 countries in a single trip & travelled during nights to bring more productivity in every visit.

Foreign policy segments:

- Improving relations with immediate neighbours
- Each state and city would have the liberty to forge special relations with countries, federal states, or cities.
- Bilateral trade would dominate relations.
- Act East, East Asia, South Asia, West Asia, Neighbourhood first, Indian Ocean Outreach (Policies)
- Relations with North and South America, Europe, Eurasia and Africa.

Major Achievements:

- For the first time, due to Narendra Modi Govt. proactive initiatives and strong relations, many achievements were accomplished.
- PM Modi visited 59 developed & developing countries to bring strong historic cooperation across the World for our Nation's economic Development and Progress.
- India becomes 5th largest economy (2019) in the World.
- The first time, the International Solar Alliance proposed by PM Modi was created with 121 countries joining as members. Headquartered in India to leverage solar energy as an alternative fuel.
- India joined the Missile Technology Control Regime (MTCR) & have access to crucial missile technology.
- US military, for the first time, renamed Pacific Command to Indo – Pacific Command to recognize India's growing influence in Asia.
- India gains significantly in the global Innovation Index (48th Place in 2020 & 81st place in 2015)
- First PM to visit Israel, Far East Russia, Palestine, Mongolia.
- Saved 2,03,000 Indians lived outside who needed Indian government help.
- More than 10 Lakhs stranded Indians returned home through Vande Bharat Mission (COVID19)
- First time in History, the Indian govt. Established strong ministerial level relationship with 186 countries.

- Every Indian's respect & pride was restored
- PM strong foreign cooperation resulted in a lifetime forex reserve of \$451 billion USD
- Partnered with developed countries for providing training to 400 million Indians
- Developed countries partnership to transform urban cities
- First PM to visit Jaffna & 50,000 new homes constructed for Srilankan Tamil families displaced by war.

**Major Recognition:**

First time in History, India's Prime Minister was recognized by many countries for his development initiatives, especially Muslim nations.

Conclusion

**A Good heart creates good thinking
Good thinking enables good services
Good services deliver good Governance
Good Governance empowers Nation’s Transformation**

Nation derives great energy from a good-hearted person, Honourable Prime Minister Shri. Narendra Modi.

The efforts of our Prime Minister are to bring development, transformation, skills & opportunity to people of our proud Nation who will make the dream of “**Atmanirbhar Bharat**” a reality.

The Nation needs every responsible citizen to stand up now and join the great mission of the century “**Self -Reliant Bharat**”. It is the duty of every responsible citizen to understand the wonderful initiatives of our people welfare focused government.

We need to contribute to our Nation building by sharing the benefits of various initiatives to bring awareness & knowledge.

People’s Prime Minister!... People Welfare Focused Governance!

**Aatmanirbhar Bharat has become a
mantra for 130 crore Indians**

Proud Bharat

Aatmanirbhar Bharat
